2025 PHILMONT ADVENTURE ITINERARY

Itinerary 12-17

Strenuous (significant hiking time with some program time) - 61 miles

Explore Philmont's southwestern corner on this hiking-focused itinerary that begins in the heart of the 2018 Ute Park Fire recovery area. From your Ranger training camp at Minnette Meadows, hike through Ute Park Pass and Hidden Valley to Cimarroncito for climbing and rappelling. Ascend the wild North Fork Cimarroncito Creek to Cyphers Mine and the Stomp. Climb up to Thunder Ridge, cross Comanche Peak, and spend the night atop Mt Phillips (11,736'), the second highest peak at Philmont. Continue down the new, OA-constructed, trail through Clear Creek then up in the shadow of Garcia Peak to remote Wild Horse trail camp. Then follow the western edge of the Ranch, above Wild Horse Park, through Crooked Creek to Apache Springs to learn more about Jicarilla Apache life. From there, cross Buck Creek, pass through Beaubien, and climb Trail Peak (10,250') to see the remains of a WWII B-24 bomber that crashed here. Continue through Fowler Pass to visit the Continental Tie & Lumber Company at Crater Lake. Take a short hike north to Miners Park for more climbing before starting your walk back into Base Camp. Cross rippling North Fork Urraca Creek and climb up onto Tooth Ridge. Summit the iconic Tooth of Time (9,003') before resting at Tooth Ridge trail camp for you last night on the trail. For there, it's an easy walk to Camping HQ in the morning.
